

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claims 1-16 (canceled)

Claim 17 (currently twice amended): A compound of formula II:

wherein R<sub>2</sub> and R<sub>3</sub> are independently selected from: H, R, OH, OR, =O, =CH-R, =CH<sub>2</sub>, CH<sub>2</sub>-CO<sub>2</sub>R, CH<sub>2</sub>-CO<sub>2</sub>H, CH<sub>2</sub>-SO<sub>2</sub>R, O-SO<sub>2</sub>R, CO<sub>2</sub>R, COR and CN, and there is optionally a double bond between C1 and C2 or C2 and C3;

R<sub>6</sub>, R<sub>7</sub>, R<sub>8</sub> and R<sub>9</sub> are independently selected from H, R, OH, OR, halo, nitro, amino, Me<sub>3</sub>Sn; or R<sub>7</sub> and R<sub>8</sub> together form a group -O-(CH<sub>2</sub>)<sub>p</sub>-O-, where p is 1 or 2; where R is a lower alkyl group having 1 to 10 carbon atoms, or an aralkyl group of up to 12 carbon atoms, whereof the alkyl group optionally contains one or more carbon-carbon double or triple bonds, which may form part of a conjugated system, or an aryl group of up to 12 carbon atoms; and is optionally substituted by one or more halo, hydroxy, amino, or nitro groups, and optionally contains one or more hetero atoms, which may form part of, or be, a functional group; except that either:

- (i) one or more of R<sub>2</sub>, R<sub>3</sub>, R<sub>6</sub>, R<sub>7</sub>, and R<sub>8</sub> are independently X-Y-A-, where X is selected from -COZ', NHZ, SH, or OH, where Z is either H or a nitrogen protecting group, Z' is either OH or an acid protecting group, Y is a divalent group such that HY = R, and A is O, S, NH, or a single bond; or
- (ii) one or more of R<sub>2</sub>, R<sub>3</sub>, R<sub>6</sub>, R<sub>7</sub>, and R<sub>8</sub> are independently H-(T)<sub>n</sub>-X'-Y-A-

where X' is CO, NH, S or O; Y is a divalent group such that HY = R; A is O, S, NH or a single bond, T is a combinatorial unit, and n is a positive integer.

Claim 18 (currently twice amended) A method of treating gene-based diseases, neoplastic diseases, Alzheimer's disease, bacterial infections, parasitic infections or viral infections therapy comprising administering a compound of formula II as defined in claim 17.

Claim 19 (original): A pharmaceutical composition, comprising a compound of formula II as defined in claim 17, and a pharmaceutically acceptable carrier or diluent.

Claims 20-26 (canceled)
